---

CAREER OBJECTIVE & GOALS

Motivated cybersecurity enthusiast aspiring to build a career as an Ethical Hacker and Cyber Forensics Specialist with practical exposure to digital forensics, cybercrime investigation, penetration testing, and forensic analysis.

EDUCATION

Year	Degree/Exam	Institute	CGPA/Marks
Pursuing	B.Tech (CSE – Cyber Security)	Noida Institute of Engineering and Technology (NIET)	Pursuing
Completed	Diploma (Mechanical Engineering)	Sant Longowal Institute of Engineering and Technology (SLIET)	Completed
Completed	ICSE (Class X)	St. Joseph's School	Completed

PROJECTS

1. **AI-Based Password Cracking Tool | Pursuing**

   Objective: Develop an AI-powered password prediction and security analysis system with secure authentication mechanisms.

2. **Mini Security Operation Centre (Mini SOC) | completed**

   Objective: Build a monitoring system for analyzing real-time system and network activities.

3. **Intrusion Detection System (IDS) | completed**

   Objective: Use Machine Learning techniques to analyze and detect suspicious system/network activities.

4. **Secure File Sharing Platform | completed**

   Objective: Create a secure file-sharing system with encryption and access management.

5. **Weather Forecast Database System | completed**

   Objective: Develop a database-driven weather information management system.

6. **Student Management System | completed**

   Objective: Build a GUI-based student management application.

TECHNICAL SKILLS

Category	Skills
Programming & Database	Java, MySQL, PHP, HTML, CSS, JavaScript
Cybersecurity & Tools	FTK Imager, Autopsy, OSINT, Ethical Hacking Concepts, Cybersecurity Fundamentals, Digital Forensics, IPDR Analysis, C-Trace, Oxygen Forensics, Cellebrite UFED, Magnet AXIOM
Frameworks & Technologies	Java Swing, Database Management, GUI Development, Web Development

ACHIEVEMENTS

- Successfully completed a 1-month cyber forensics internship with IFSO/N-DISC, Delhi Police.
- Assisted with 10 real cases involving social media fraud, financial fraud, and IPDR analysis.
- Completed industrial training in Diesel Locomotive maintenance at Eastern Railway Diesel Shed, Jamalpur.

INTERNSHIP & CERTIFICATIONS

• Cyber Forensics Internship — IFSO/N-DISC, Delhi Police • Industrial Training — Eastern Railway, Diesel Shed, Jamalpur) • Ethical Hacking Fundamentals • Cybersecurity Basics • Digital Forensics Concepts • ReactJS • Cyber Security and Applied Ethical Hacking
